Chapter 245 / When The Saints go Marching In

...the tide of the war that had been kept in equilibrium was suddenly pitched wildly off balance and the goddesses had to make a difficult decision.

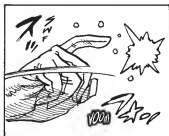

During the Holy War 3000 years ago...

We became disembodied spirits and took up residence in a number of different relics to wait for our time of revival.

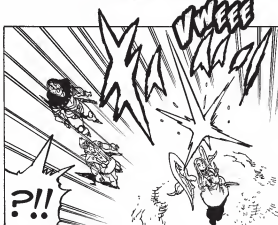

We sacrificed our own flesh and blood in order to seal away the demon race.

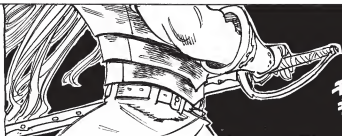

With this holy magic... there's no doubt about it!

You mean to say you're an honest-to-goodness goddess ...

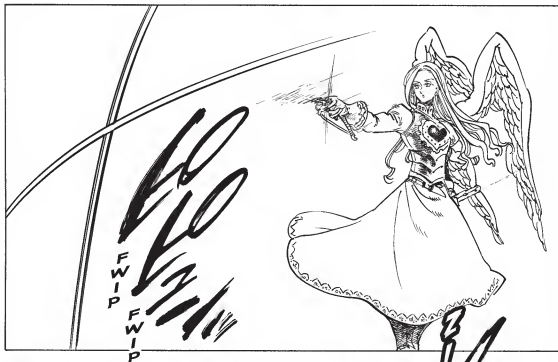

...that the seal was nothing more than a delay.

Of course, we knew...

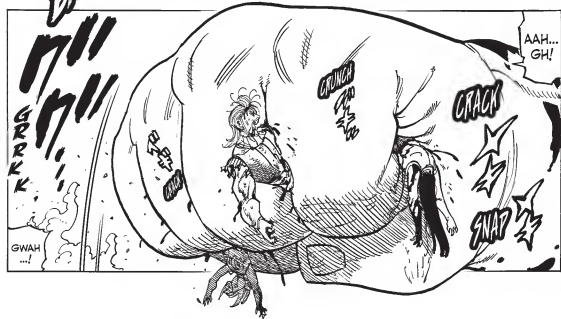

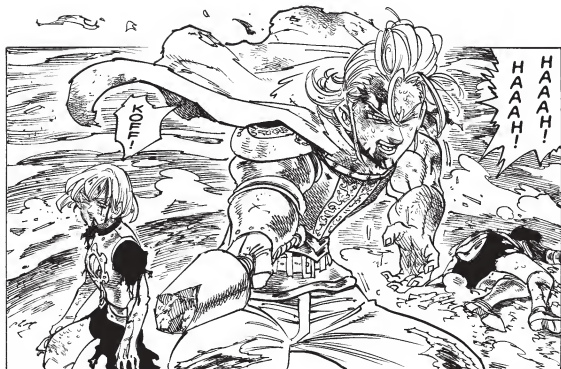

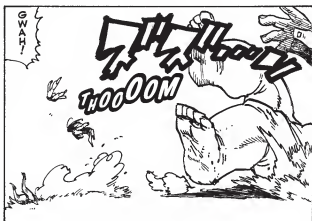

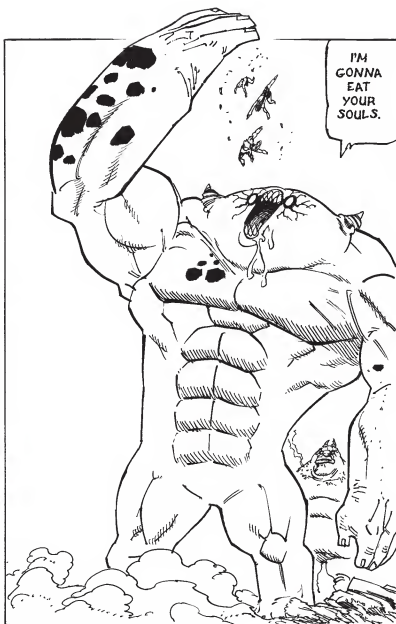

And that, in order to completely settle the matter, one or the other had to be eradicated.

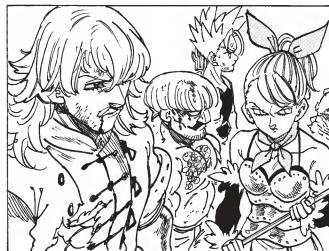

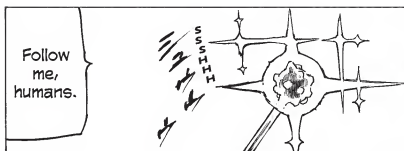

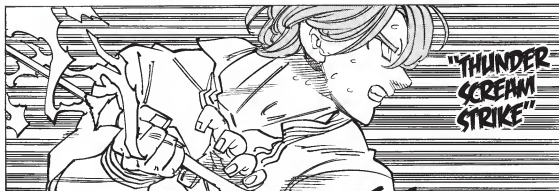

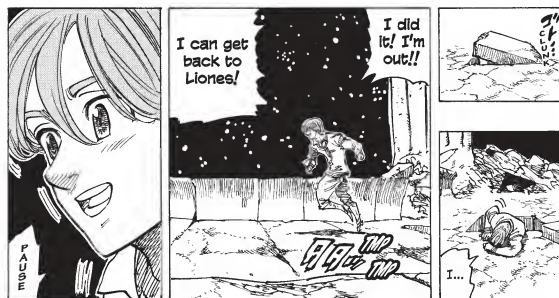

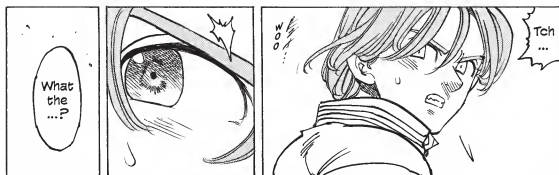

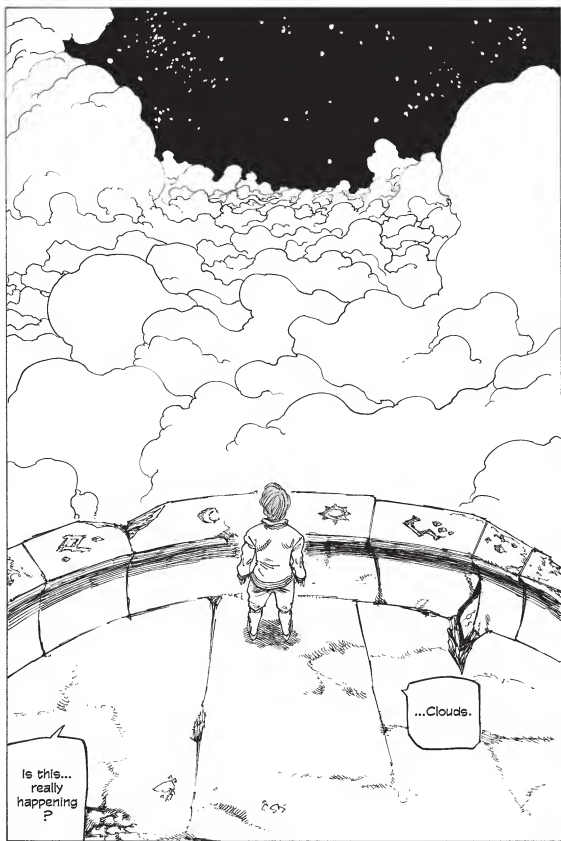

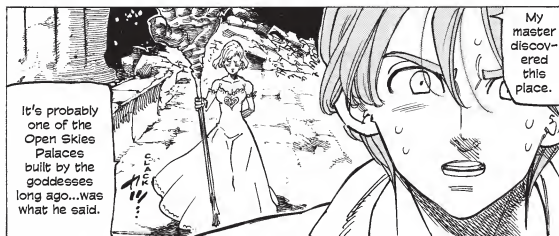

Is this...
really
happening
?

...Clouds.

But I had no choice! If we'd stayed there, we'd have been killed by The Ten Commandments too!

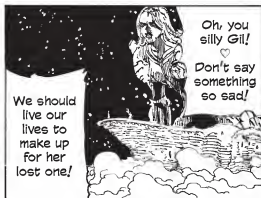

Just give it up already, Gil! Liones has fallen! I'm sorry, but so has Margaret...

Shut up... If you say some more word...

We should live our lives to make up for her lost one!

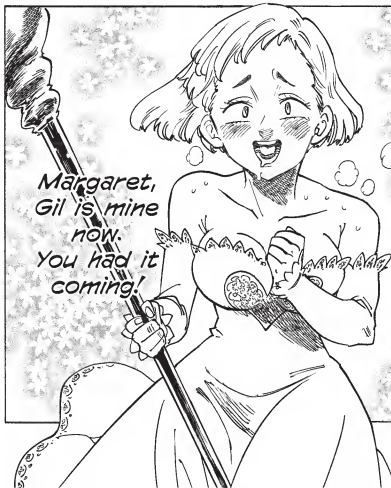

Oh, you silly Gil!
♥

...Margaret...

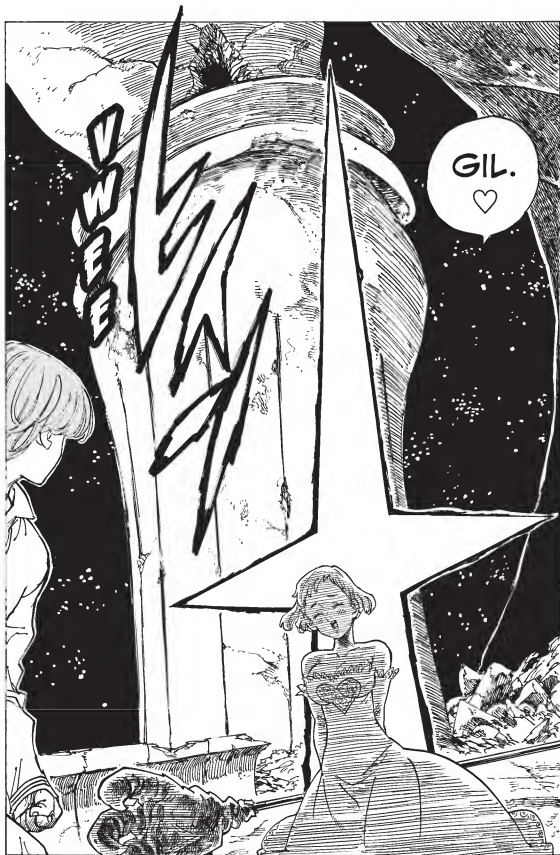

I still... wanted to die with you.

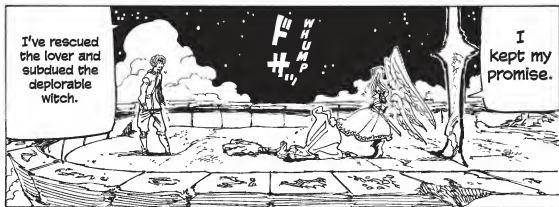

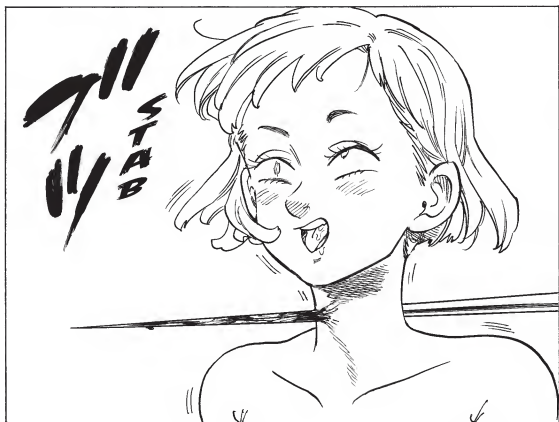

Margaret,
Gil is mine
now.
You had it coming!

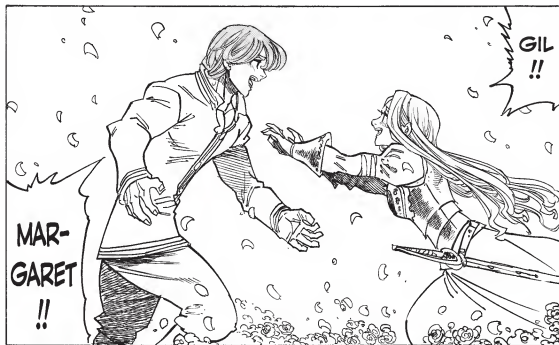

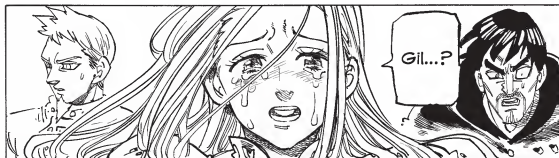

I have just the idea!

And if it's a girl, we'll name her Margaret.

Now it's your
turn to keep
your promise.

They're
gathering
to one
spot.

Are you the
one who did
something to
Margaret?!

Chief Holy
Knight Drey-
fus... Or
should I say
The Ten Com-
mandment's...!

Any-
way...
Hurry
it up,
Hendy
!!

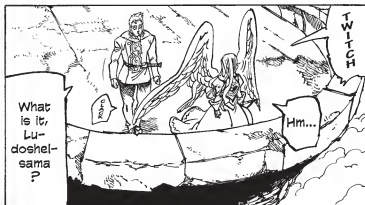

Gilthunder!
W...wait!
Wait!
It's me!
The real
Dreyfus!!

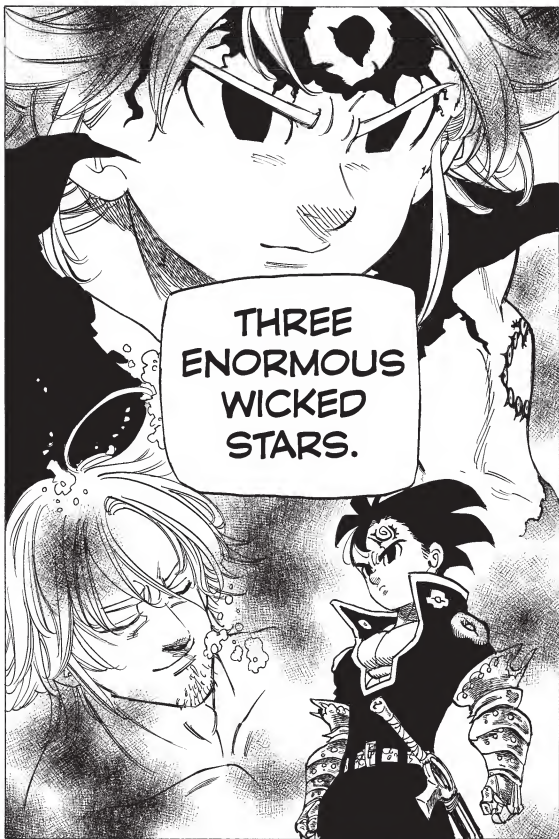

I can't
believe it.
So the Druid
Altar was
linked to this
place above
the clouds.

What
is it,
Lu-

sama
?

THREE
ENORMOUS
WICKED
STARS.
